ONE MONTH TO GO & TEN LOTS SOLD!

We're happy to announce that ten lots have already been sold at Woolshed Grove, a month ahead of the site's completion.

One of the first couples to purchase land, Nicole and Scott of Ferny Hills, are now the proud owners of lot 9 – a 700sq m block that they will build their plantation home on.

Nicole and Scott said they were really excited their dream to live at the former Australian Woolshed had finally come to fruition.

"When the Australian Woolshed closed down nearly four years ago and we heard the site was going to be developed into a housing estate, we were elated," Nicole said.

"We currently live in Ferny Hills with our two little boys, Hayden and Christian, and we really love the area's family feel and surrounding bushland.

"It's a great feeling to know we can continue to raise the boys in Ferny Hills and they can experience all the wonderful adventurous parts of growing up such as bushwalking and mountain bike riding.

"Living at Woolshed Grove is also very convenient, as it's only a short five minute walk to the train station.

"We've been visiting our block every weekend and the boys have been excited by the excavators and trucks. We're pumped to start building and can't wait to call Woolshed Grove home."

So Much Choice

At completion, Woolshed Grove will include 62 lots ranging in size from 400m² to 1002m² with varied locations and outlooks. With this variety of available blocks, Woolshed Grove provides a host of options to suit every lifestyle.

Woolshed Grove features everything you would expect from an exclusive upmarket residential community, including lush landscaping, quiet cul-de-sacs, picnic areas and extensive parkland.

As the images show, the site is really taking shape with all lots clearly marked and the roads, turf and fence work almost complete.
